

## **How to return to Biblical laws in agreeing communities**

Just do it. No need for a political class. Just tell all willing souls, be they judges, soldiers, or lawmen that, "This Bible is once again our law system. Please learn it, and begin to apply it, as all should be held accountable for upholding its precepts and judgments."

### **Accept the two great maxims:**

1. Love YHWH, your God (lawgiver), with all your heart, soul, mind, and strength.
2. Love your neighbor as yourself

### **Accept the Ten basic Commandments as your main guide to the law:**

1. You shall have no other gods/authorities before me
2. You shall not idolize anyone or anything above me
3. You shall not take YHWH's name in vain
4. Remember YHWH's ordained Sabbath day and Keep it Holy
5. Honor your father and mother in YHWH
6. You shall not murder
7. You shall not commit adultery
8. You shall not steal
9. You shall not bear false witness against a neighbor
10. You shall not covet

### **Then learn and adapt to the Statutes that are there for examples:**

Don't move your neighbor's boundary stone, don't oppress the stranger... etc, etc...

### **Acknowledging the Judgments that unlike 'slaps on the wrist', deter evil:**

Lex talionis (eye for an eye, Punishment should fit the crime), judiciously considering mercy (where applicable) with Forgive us our trespasses as we forgive those who trespass against us.

That's the basics! You don't need legislators on anything regarding how to react on new man-made devices or technologies, unless of course man gets complacent and apostate again and is not vigilant with the bible as a true case law system of examples to guide himself, for in such a case evil men will again legislate increasing tyrannical laws, legally abandoning YHWH's laws based on love and mercy until we are totally enslaved again.
